

Pharma Corruption & the Path Towards Healing

Paul Marik MD, FCCM, FCCP

Conflicts of Interest

What is the Problem

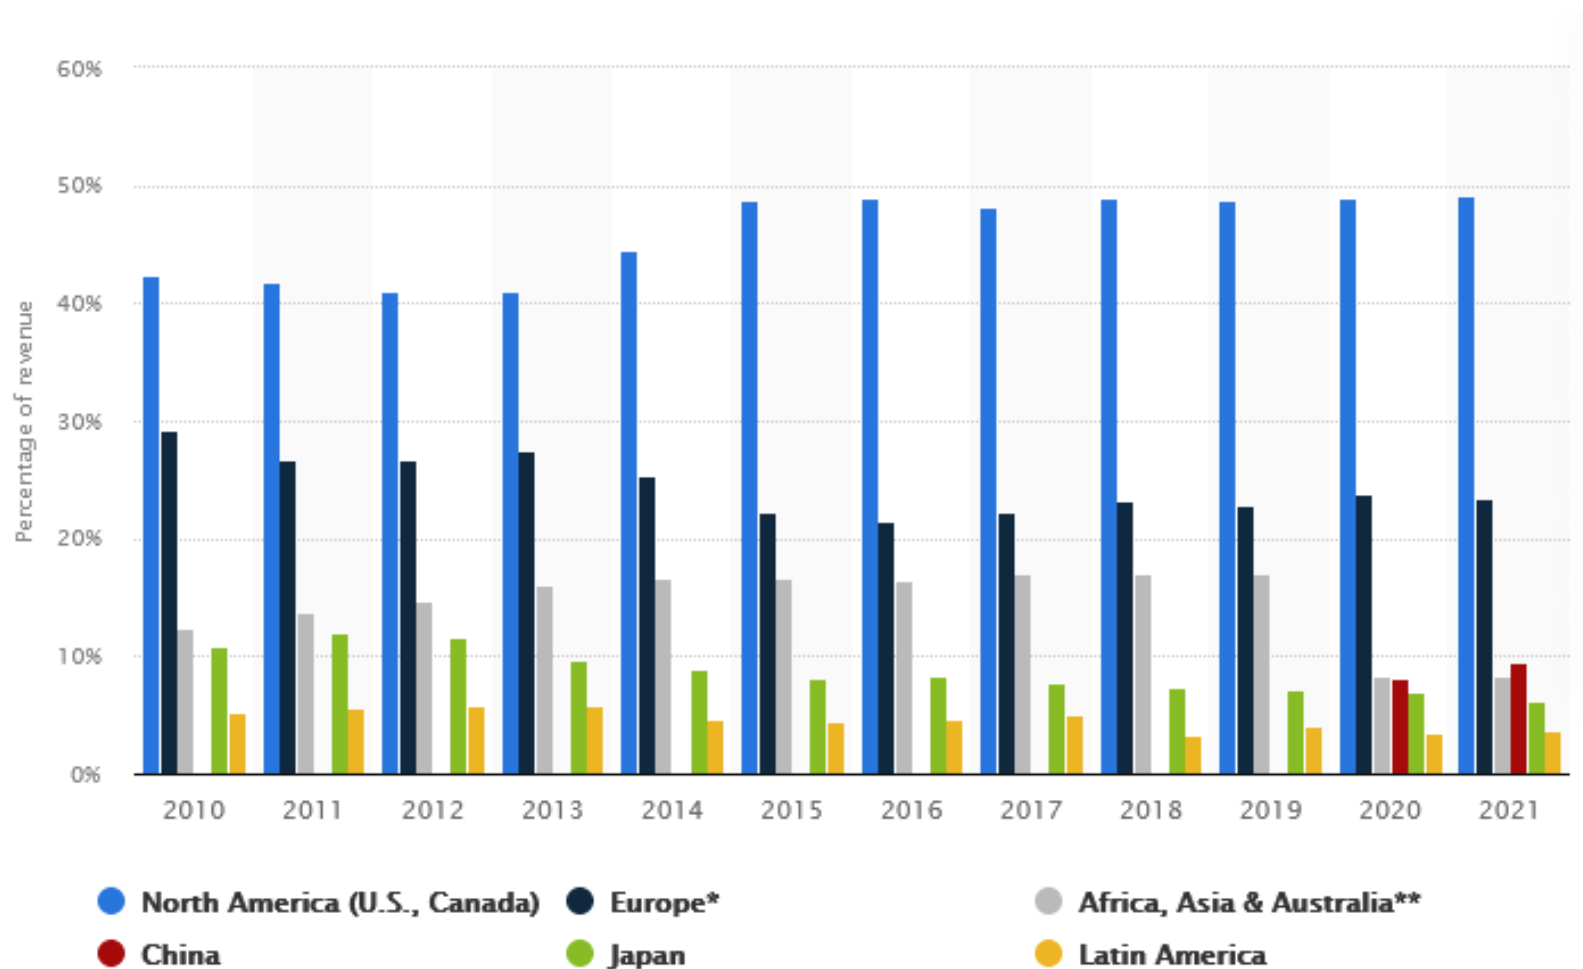

- Pharma lies, cheats, deceives and propagates false information
- Pharma controls medical care; they influence the standard of care
- Pharma controls CONGRESS
- Pharma controls the Health Care agencies that regulate them
- Pharma controls the research agenda
- Pharma controls the medical journals
- Pharma controls the media

Nothing says
“Trust the Science”
like asking for the data
to be hidden for
75 years

Distribution of global pharmaceutical market revenue from 2010 to 2021, by region

Pharmacy and drug store sales in the United States from 1992 to 2020 (in billion U.S. dollars)

Safety and Efficacy of the BNT162b2 mRNA Covid-19 Vaccine through 6 Months

"of the 29 authors of this study, 18 are employees of Pfizer and hold stock in the company, one received a research grant from Pfizer during the study, and two reported being paid 'personal fees' by Pfizer"

Conflicts of Interest: Rotating Door

Mark McClellan
On the left is the former FDA commissioner in charge of regulating Johnson & Johnson. On the right is a current member of the Board of Directors of Johnson & Johnson.

Scott Gottlieb
On the left is the former FDA commissioner in charge of regulating Pfizer. On the right is a current member of the Board of Directors of Pfizer.

Stephen Hahn
On the left is the former FDA commissioner in charge of regulating Moderna. On the right is the current Chief Medical Officer of Flagship Pioneering - the venture capital firm behind Moderna.

James C. Smith
On the left is the CEO of Reuters in charge of informing people about the COVID-19 vaccines. On the right is a current member of the Board of Directors of Pfizer.

Anthony Fauci
On the left is the NIAID Director under the National Institutes of Health. On the right is the funder of bioweapons research on gain of function bat coronaviruses at the Wuhan Institute of Virology.

Is FDA's revolving door open too wide?

Many FDA staff overseeing drug reviews end up working for makers of those drugs

"More than two-thirds of FDA reviewers later ended up at the same companies that they had been reviewing products for while working for the government."

Putting Big Bad Pharma Back on Trial in the COVID-19 Era

They keep telling us to “trust the science.” But who paid for it?

“in 2020, more than two-thirds of Congress — 72 senators and 302 House Representative members — cashed a campaign check from a pharma company”

Healthcare Companies Spent More on Lobbying Than Any Other Industry Last Year

BY BROOKE FOX June 29, 2022

3 lobbyists for every member of congress

Pharma companies spent nearly \$390 million on lobbying in 2021

Funds spend on lobbying federally and in 19 states

■ Federal Lobbying ■ State Lobbying

Big Pharma spends far more on marketing than research

You can't trust the major Medical Journals – They are ALL captured

THE LANCET

New England Journal of Medicine has an estimated income in excess over \$100 million with a profit margin about 30%.

Politics and Economic Greed Define Science

Editors of The Lancet and the New England Journal of Medicine: Pharmaceutical Companies are so Financially Powerful They Pressure us to Accept Papers

As uncovered by Science Defies Politics: 16 of the [panel members](#) selected by NIH to formulate the official COVID-19 Treatment Guidelines – including two of the three co-chairs – were paid by Gilead.

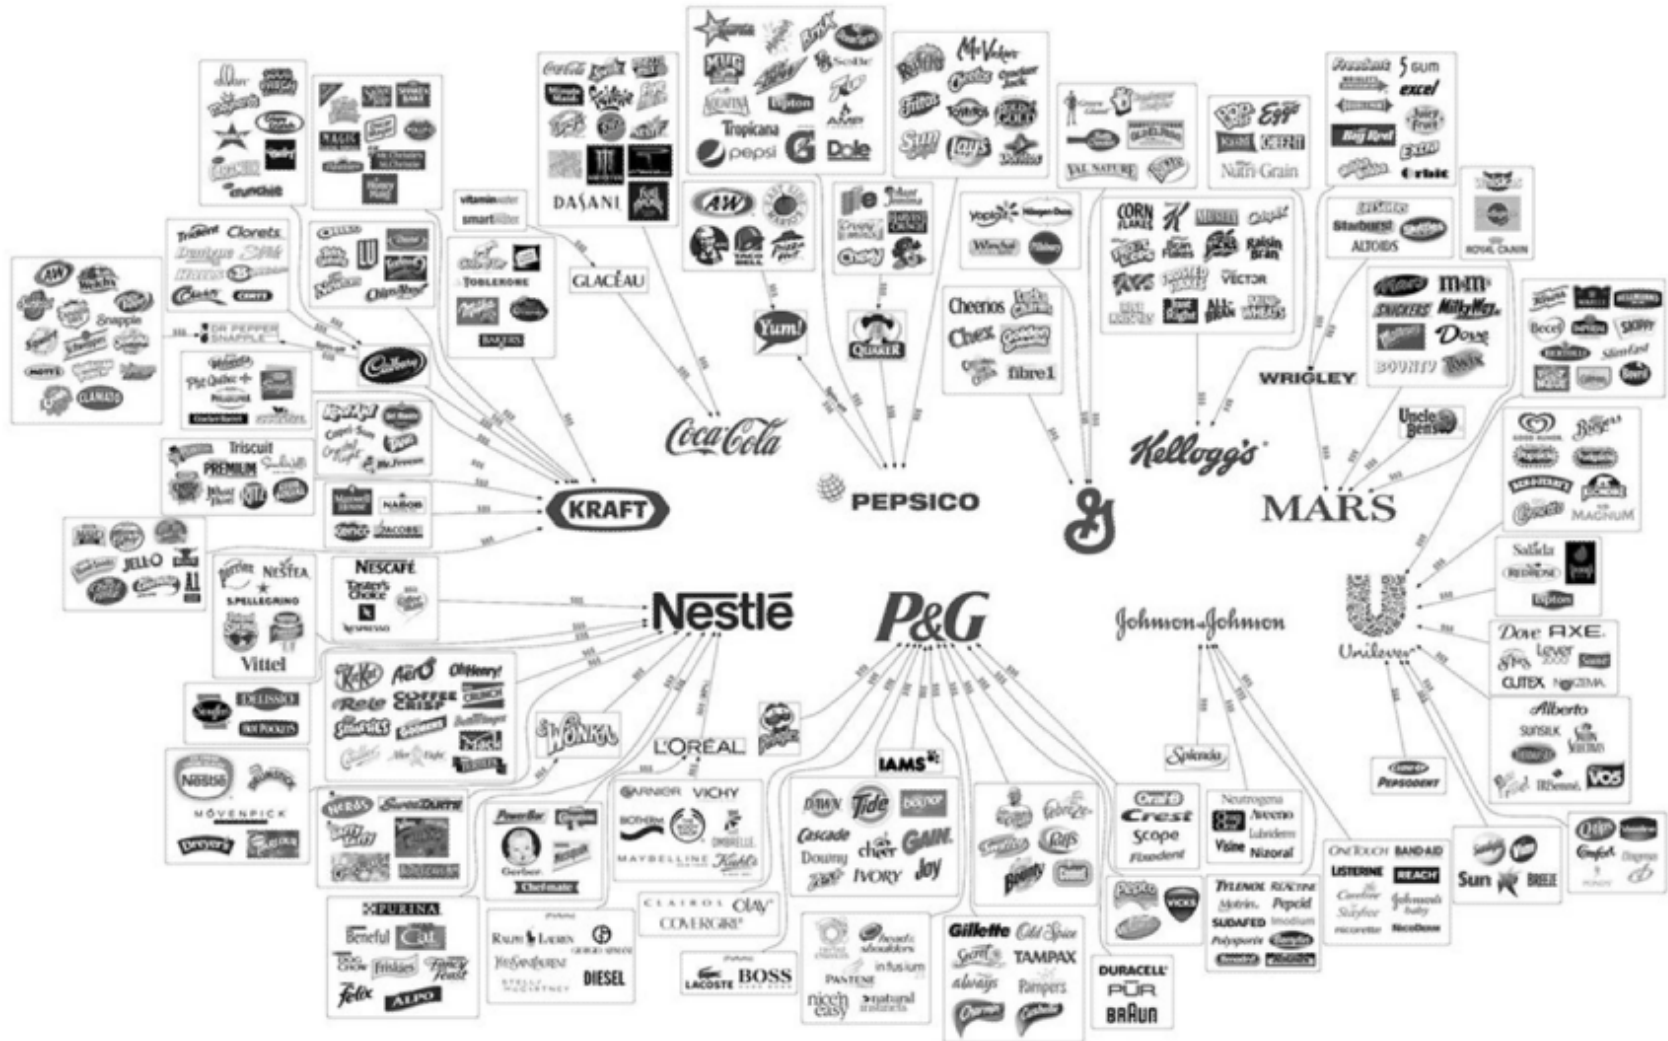

At least 7 (seven) members of the Panel on COVID-19 Treatment Guidelines, including 2 out of 3 Co-Chairs, have not disclosed their financial ties to Gilead Sciences (GILD), the patent owner and manufacturer of *remdesivir*.

Editor Marcia Angell in the book ***The Truth About Drug Companies***

“It is simply no longer possible to believe much of the clinical research that is published, or to rely on the judgment of trusted physicians or authoritative medical guidelines. I take no pleasure in this conclusion, which I reached slowly and reluctantly over my two decades as an editor of The New England Journal of Medicine.” -Dr. Marcia Angell
