

THE GRASSROOTS ASSOCIATION

PRESENTS

INTERNATIONAL CRISIS SUMMIT
WASHINGTON DC - USA - 2024

FEBRUARY 21 – FEBRUARY 25, 2024
CPAC CONVENTION
ICS SUMMIT

INTRODUCTION

What began as a quest for answers and a daring gathering of brave International experts from all over the globe has now become a source of trusted information and a movement followed by millions of people worldwide.

In September 2021 the first International Covid Summit (ICS I) took place in the Roman Senate at a time when our freedoms and rights were quickly disappearing as new rules and mandates were being imposed globally. Thanks to the courage of one brave Italian Senator who invited us, experts from around the world met in person, for the first time, to discuss factual data and research. This historical first International Summit blazed a trail and was the foundation upon which many international initiatives were launched that have tirelessly fought for truth, freedom, and information.

This has saved many lives.

In 2022 we had the honour of being invited by the wonderful French Team to the IHU in France where the ICS II Summit took place in Marseilles and Massy. The ICS Team was warmly received and, not only brought data to France but left with a newfound abundance of knowledge.

In May 2023 we had the incredible honour of being invited by the Members of European Parliament to Brussels, Belgium where the ICS III took place. Many experts from around the world presented current data and research in the European Parliament and the world was ready to listen. The powerful presentations from this Summit went viral and have been viewed billions of times globally. This international interest in true data initiated important political conversations and allowed leaders worldwide to finally make informed decisions.

In November 2023, following the incredible success of ICS III, we were invited to the Palace of the Parliament in Bucharest, Romania for ICS IV where we were warmly received by a population full of strength and resolve. The ICS team brought information and data to Romania and left with an understanding of everything that was done correctly in a country that knows, all too well, what it means to fight for rights and freedom. The ICS IV in Bucharest, Romania reminded us all of what we are fighting for and filled us with renewed hope and knowledge that change is possible when leaders and citizens work together.

Despite censorship, punishment, and many obstacles, the ICS team has been relentless in their pursuit of truth and freedom and it is with great honour that the International Crisis Summit Association has been invited to host ICS V in an exclusive break-out room at the CPAC Convention in Washington, DC.

Many people around the world have been looking to us for answers and we now have an opportunity to speak directly to those who can initiate changes in laws and policy on a mainstream International stage.

This is exactly what we have been waiting for and an incredible opportunity.

A special thanks to Mr. & Mrs. Matt & Mercedes Schlapp for this incredible platform on which to share the truth with the world at the ICS V.

Our heartfelt gratitude to Drs. Robert and Jill Malone who have participated in all of the ICS events and who have shown us unwavering support throughout the years.

Finally, a big thank you to all of you, our fellow warriors, who tirelessly continue to fight for Truth and Justice

United We Stand, Divided We Fall

*Thank – You,
Lilly & Roby – ICS Founders*
