# A Healthcare Revolution Has Begun

Dr. Avery Jackson, III

# The US Healthcare System Is In Distress

**US spends more on healthcare than any other nation (\$4.3 Trillion in 2022), but ranks 15<sup>th</sup> in the world.**

- Only 2% of Americans believe that healthcare is handled well.
- American Hospital Association calls shortage of nurses at 1.1 million a national emergency.

# Core Medical Competency Has Been Abandoned

## System Failure:

The 3rd leading cause of death in US is administered medical treatments.

## Result:

Declining life expectancy.

## Misinformation:

Most published research findings are false and funded for desired outcomes.

## Result:

Medical censorship and mental discordance.

## Medical Tyranny:

Captured by big pharma, medical negligence, no bodily autonomy, and lost medical ethics.

## Result:

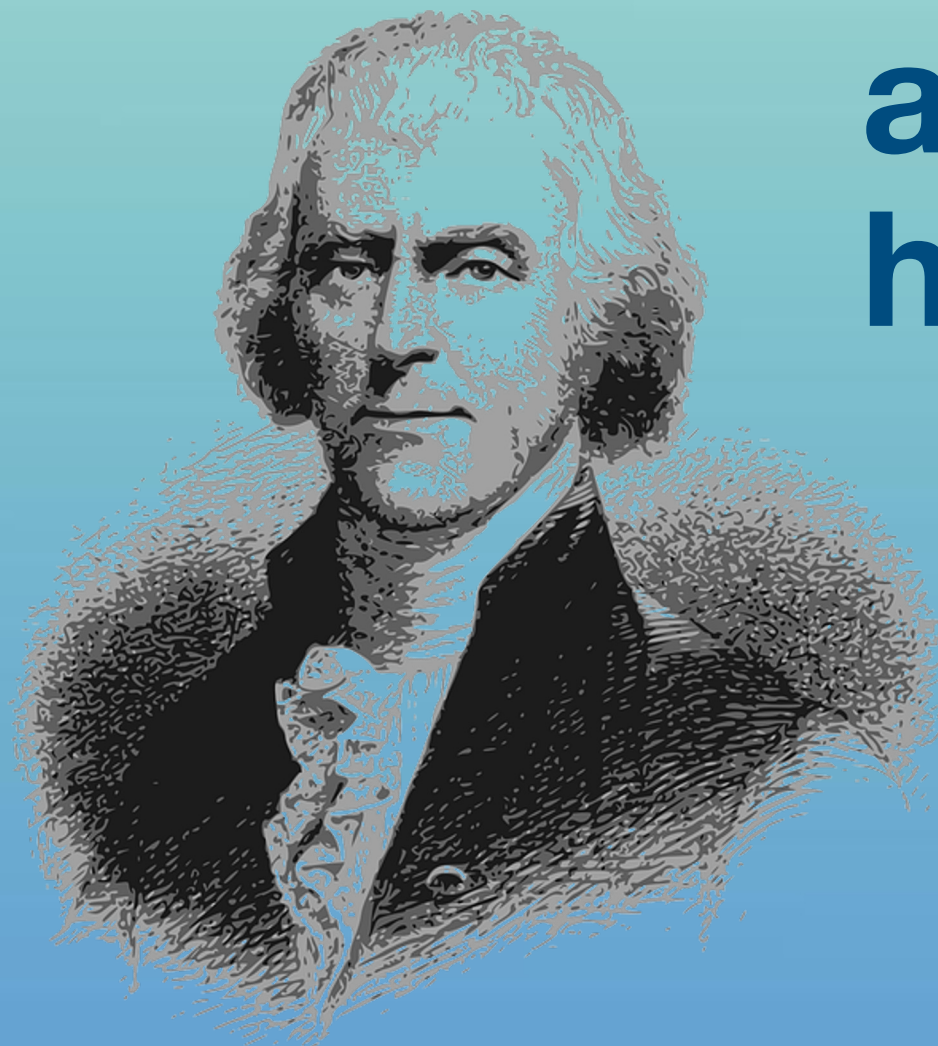

First amendment rights violated.

**Of the 3.5 million U.S. deaths in 2021, excess deaths of 892,000 people were up 85% in 3 years.**

# Our Doctors Honored Their Oath

- The COVID pandemic inspired doctors and professionals to step forth to combat medical tyranny.
- **They saved many thousands of American lives...**
- We moved with conviction to bring together and equip patients and providers to deliver holistic, patient-centered healthcare.

*“A well-informed citizenry  
is the best defense against tyranny.”*

# Our Response: Patient-Centered Care

## We Connect and Protect:

Clinicians

Non-Clinicians

Clinician Groups Vendors

and Health Professionals

- **Protect** - Dialog and open discussions as private membership in the exchange of knowledge.
- **Organize** - Networks to respond to dynamic opportunities.
- **Support** and create communities for public advocacy.
- **Educate** - Outside the establishment AMA system with truth, validated data and peer reviewed journals that honor the Hippocratic Oath.

# Return the US Healthcare System to Patient-Centered Care

- The playbook for medical tyranny is again opened.
- A complacent and failing medical establishment is putting American lives at risk.
- We must deliver holistic, patient-centered healthcare for a broad ecosystem.
- Answer the call!
